# Maximum Range of Projectiles

## **KEEP YOUR MUZZLES POINTED AT THE DIRT BERM AT ALL TIMES WHEN ON THE FIRING LINE!!**

Knowing your firearm's "maximum projectile range" is critical to being safe and responsible. The maximum projectile range tells you at what distances your firearm's projectile could cause injury or damage to persons, animals, or objects. We must not allow projectiles to leave our range.

The point is, your bullets will travel to almost maximum ranges if you fire with your muzzle elevated just 12 inches over the top of the dirt berms.

## **Frequently Asked Questions**

### **GENERAL**

**Q:** Why so many rules?

**A:** The rules of the Association are solutions to situations that have arisen over the years. Almost all of the rules in force are common sense and are the same conventional safety rules practiced at clubs all over the country. Safety and facilities protection are our primary concern.

**Q:** I see there are bulletin boards in the entrance foyer to the clubhouse and in each of the shooting sheds. Who can use these and how?

**A:** All paid members may post any notice on the Association bulletin boards. The notice must include the members name and the date it was posted, All postings will be removed at the end of the 2nd month from the posting date and any item deemed unfit for posting will be removed. Keep it neat.

**Q:** What happens if I get caught breaking the rules?

**A:** Disciplinary actions can range from a verbal warning, temporary suspension or total expulsion depending on the infraction or offense.

**Q:** Who is responsible for enforcing the rules?

**A:** The executive committee & each and every member. We are a self regulating association, it is the responsibility of every member to assure the well being of the association. If you witness an infraction, either correct it or report it to the Executive Committee for review.

**Q:** Does the Association property have WIFI?

**A:** Yes. The clubhouse and all shooting sheds have a WIFI system. You might get a signal on the trap range as well but probably not at the lake. The password for the WIFI system is posted on the bulletin boards.

### **GUESTS**

**Q:** As a member, can I bring my grandchildren to the club to fish?

**A:** Yes, as long as they are under 18, under your direct supervision and a parent or legal guardian has completed the legal waiver. Children 16 or older must have a PA Fishing License and Trout Permit.

**Q:** I just joined as a new member, and I want to bring guests. When can I start bringing guests?

**A:** New members are probationary for the first calendar year of member-

***Always leave the association facilities/grounds in better condition than you found them.***

ship and cannot bring guest until they have completed that first calendar year of membership without any rules infractions/violations. You can bring your children or grandchildren as per the guest policy during your first year.

**Q:** Can I bring my minor child's friend to the range with us?

**A:** If you have been a member for over a year, you can bring unrelated minor children to the range as long as a legal waiver has been submitted by their parent or legal guardian. Children under 18 years old should be signed in through Lobby Guard, but they do not require a guest pass.

**Q:** Where can I purchase guest passes?

**A:** Guest passes are available in the vending machine located in the clubhouse meeting room. The machine accepts credit cards or currency up to \$10.00 bills

**Q:** Why are guest required to wear two name tags?

**A:** The guest pass tag shows the guest fees were paid. The Lobby Guard tag shows the guest was properly signed into the Association facility and identifies the sponsor member.

**Q:** Can my guest complete the legal waiver on line?

**A:** Yes, in addition to the waiver kiosk in the clubhouse foyer, they can look for the "Sign our Waiver" banner at the bottom right area of the [sccsfa.org](http://sccsfa.org) home page.

## **RANGES**

**Q:** Are there any restrictions as to what type of firearms may be used on the ranges?

**A:** You may fire any type of firearm that you can legally possess under BATFE rules as long as you follow the SCCS&FA posted rules and you use them safely. One restriction is Class 3 full auto firearms. A special use permit must be obtained from the Executive Committee for Class 3 full auto firearms prior to firing them on the Association ranges. A second restriction is that no shotguns or shot shells may be used on the 7/15 yard range. A third restriction is that no handguns can be used on the 75 or 100 yard ranges unless it has telescopic sight.

**Q:** Can I use a bump stock?

**A:** We operate under West Marlborough Township ordinances that are

*Always leave the association facilities/grounds in better condition than you found them.*

designed to limit noise, hence the full auto use only on Wednesday's between noon and 3 pm. Bump stocks, while legal, produce as much noise as full auto fire. We have limited the use of bump stocks to Wednesday's between noon and 3 pm because of this.

**Q:** Are there any restrictions as to rate of fire or magazine capacity for semi-automatic firearms?

**A:** Not currently. As long as you can fire it safely and follow the rules it is allowed.

**Q:** Why do I have to stay under the range cover while shooting?

**A:** This is part of the agreement with West Marlboro township under their ordinance no. 94-03. This is not our choice; this is local law. There are a few exceptions as stated under the rules for Shooting Under Cover on page 4 of this handbook.

## **ARCHERY**

**Q:** Do I have to go to the clubhouse to sign in if I'm only using the outdoor archery course on Byrd Road?

**A:** Yes, All members & their invited guests must log in and out using the Lobby Guard system each and every time they enter and exit the Association property.

**Q:** Can we use the indoor archery range after dusk?

**A:** The indoor archery range is available 24 hours a day, 7 days a week even on Holidays. Scheduled events take precedent. Check club calendar for events.

**Q:** Are crossbows permitted?

**A:** Yes, crossbows can be used on all of the archery ranges.

**Q:** Can we use broadheads on any of the club's target backstops?

**A:** Broadheads cannot be shot into Association target backstops. Members should bring their own suitable target backstops if they want to sight in their bows with broadheads.

## **CAMPING**

**Q:** I want to use the camping area, can I bring my ~~32 to 40 Foot~~ motor coach or travel trailer?

**A:** Not at the present time. We really don't have the space or the facilities for something that size, our camping area is setup more for tents & maybe a small popup camper at most.

*Always leave the association facilities/grounds in better condition than you found them.*

## MEMBERSHIP

**Q:** When my membership expires on Sept 30th, how do I renew?

**A:** Renewal invoices are emailed at least 60 days before memberships expire. Memberships must be renewed online before September 15th. Late renewals will not be accepted after September 15th without late renewal fees.

**Q:** I failed to renew by September 15th, and my membership expired September 30th. I need to sight in my rifle for deer season. Can I just go to the range, sight it in and send in my renewal when I get time.

**A:** No, you may not use the Association facilities without a current membership card. If you failed to renew by September 15th, you must submit a late renewal fee in addition to the annual dues. You can get another member to bring you in as a guest.

**Q:** As a member, are my spouse and family a member and can he/she come to the club by themselves?

**A:** No. Your spouse and family members 18 years of age or older must apply for membership. Otherwise, your spouse and family members 18 years of age would require a guest pass.

**Q:** I haven't received emails from the club lately.

**A:** This happens from time to time. There can be several reasons. Make sure your email address on file with the club is current. Emails can bounce or land in your spam or junk folder. Be sure to check those folders.

**Q:** I lost my membership card. How can I get a new one?

**A:** Replacement membership cards or gate cards can be ordered from the website at <https://sccsfa.org/gatecard>.

**Q:** I have a friend that wants to join the club. What should they do to become a member?

**A:** If your friend is interested in joining, they'll want to get their name on the waiting list as soon as possible by completing the form at the top of this page <https://sccsfa.org/join>.

**Q:** I just completed mentoring. How long does it take to receive my membership card?

**A:** That depends upon a few things.

- Be sure you uploaded a passport photo to your membership profile when you completed your membership application. You will not receive a new member dues invoice until a photo has been uploaded to your membership profile.
- You will receive a membership dues invoice via email after mentoring has been completed and your membership profile includes a passport grade photo.

- After your club dues are paid and settled, your Membership Card should be mailed to you within two weeks at the address on file, and your access card will be activated.

**Q:** What is the access card for?

**A:** The access card opens the entry gate. It also opens all of the outer clubhouse doors and clubhouse meeting room door.

***Rules are created and set to provide decorum and to keep the Association's legal exposure to a minimum.***

# Possibly The Best Advice You'll Ever Give A Friend.

## “Join The NRA”

Over three million members of the NRA are fighting to defend the Second Amendment - the document that protects not only your right to bear keep and bear arms, But also your freedom of religion, freedom of speech, the freedom of the press, freedom of assembly, freedom from unreasonable search and seizure and the right to a speedy trial.

More than ever before these rights are under attack.  
Our very freedom is at stake.

The NRA needs you - and your friends.

Give your friends good advice. Tell them to  
Join the NRA, and join the fight to protect our rights to  
freedom before it's too late.
