Field Day 2023
and Our

75th Anniversary Celebration!

Saturday, September 23rd, 10 am to 4 pm

- ❖ The Archery Committee has submitted plans for a total makeover of the Byrd Rd Archery Course. Improvements include placing wood chips on all the lanes, stoning the areas on both sides on the northern culvert, replacing the southern culvert with a longer and larger diameter pipe, repairing target backers, and clearing bush to make a larger area around the targets. A discussion on the project and its funding of \$8,500 will take place and be voted on at the August 29th General Meeting. Please plan to attend to get full details and offer your opinion.
- ❖ The Website now has a Links tab. By opening this tab, you can use a displayed link for various organizations including one

to register for a PA Game Commission Hunter Trapper Education Class.

- ❖ The SCCSFA Hunter Trapper Education class is scheduled for September. Register online with PA Game Commission to attend. It's free and is needed by anyone wishing to purchase their first Hunting license. It is also an excellent refresher course for longtime hunters.
- ❖ The Club is always in need of volunteers. Contact the Facilities Committee to see how you can do your part in our all-volunteer organization.
- ❖ If you're a fishing member at the Lake, we need help checking the turtle lines. If interested or if you would like a turtle for your freezer, please email: [John Primus](mailto:John.Primus@scsfa.org)
- ❖ The Website now has a Legislative Information button. It can be found under the Members Area tab. It contains all the Legislative reports submitted by our Legislative liaison, Larry Bickings.
- ❖ The Fish and Lake Committee this month will be stocking 1000 small blue gills as feeder fish for the trout and bass.
- ❖ Are you looking for firewood? Please email the [Facilities Committee](mailto:FacilitiesCommittee@scsfa.org)
