Saturday, September 24th
Southern Chester Co. Sportsmen's and Farmers' Asso.
Annual Field Day
10am to 4pm

The Club's Field Day held in the fall of each year has been a tradition since 1949 and has always been a spectacular event for both members and the public. This year will be no different according to Field Day Co-Chairmen John Flynn and Joe Neuman.

Their plans include: static displays of military vehicles, antique firearms, fire equipment and the Sheriff's Department K-9 unit perform.

Inside the clubhouse will be a flea market selling sports related items, except firearms.

There will be live fire opportunities on each of the shooting/archery ranges for those attending. Included are pistol, rifle, black powder, youth small bore, cowboy action shooting and trap. The Club will supply needed firearms and ammunition. Archery will be available on our new outdoor range behind the clubhouse.

There will be hourly Door Prizes awarded and the food and beverage for the event will be provided at no cost.

The Field Day event has always been geared to provide an exceptional opportunity for both members and the public, young and old, to experience what our Club can offer as well as the enjoyment found in being a sportsman.

Important Reminder for Field Day

When arriving, you should immediately register at the clubhouse. There you will receive everything needed to enjoy the day, including your door prize tickets.

Be A Field Day Volunteer

An event as spectacular as Field Day requires the assistance of a few dozen volunteers doing everything from directing cars for parking to helping at one of the activities locations. Please consider joining us by [Clicking Here](#) to let us know.

Volunteer's Corner

Thank you to all the volunteers for their work caring for the 80 newly planted arborvitae. After planting, they were mulched and have been watered about 2 times a week. Joe Neuman made a wonderful 235 gallon water tank trailer to haul water from the lake to the trees.

New Parking Areas

A parking lot has been added to the Byrd Rd entrance of the outdoor archery course. The lot measures approximately 40 by 75 feet and is open for your use.

A parking lot was also added at the bottom of the drive to the Lake. However, the lot will not be open until the underground utilities have been secured and protected. A notice will be sent when it safe and open for use.

Hunter Trapper Education Class

The Pennsylvania Game Commission has live in-person classes. The successful completion of the class is needed to purchase a PA Hunting License. The class is free and you must register on-line. Although the SCCSFA scheduled class is over, you can find other available classes by using this [LINK](#) to PA Game Commission.

Welcome Warden Salsgiver

Recently assigned Warren Rebecca Wolfe transferred to an area closer to her family.

Her replacement, Warden Zach Salsgiver, is a recent graduate of the 33rd class of the Pennsylvania Game Commission's Ross Lefler School of Conservation, graduating on February 5, 2022.

I had the pleasure to meet and spend time with him during a HTE annual breakfast held here at the SCCSFA clubhouse.

Workdays

As announce earlier, the Executive Committee would like to begin regularly scheduled workdays. We sent a club-wide email in hopes of finding members interested in leading one of the workday activities. To date, no one has responded. Please consider volunteering for this essential club activity by [Clicking Here](#).

Field Day
10am to 4pm*

Membership Renewal

It's that time to renew your club membership. Remember, your dues must be paid by **September 15th**. Only on-line payments via the website are accepted. No cash, check or in-person payment can be accepted. Members renewing late will be assessed a \$100 reinstatement fee in addition to the annual dues.

You should have received a Renewal Notice via email around on July 1st. In the email was a link to use for your renewal. Another option is to log-in the SCCSFA.org website, click on Membership than chick on Membership Renewal.

Attention:

It's a PA Fish & Boat Commission violation to throw trash or debris along waterways or adjacent lands.

Throwing away fishing line around the lake has become a major problem. It is causing damage to the mower, thereby increasing cost for repair and labor.

Please be courteous, remove your trash and report any violation you might witness.

Newsletter Help Needed

The Newsletter is short of Staff. Anyone interested in participating in its production please contact John Primus at:
